TASK 2

Look up any REIT of your choice

Explain what that REIT actually holds

Pick ANY REIT (or REIT ETF) that interests you. Look it up and answer this in the WhatsApp group:

What type of properties or assets is your REIT invested in?

GUIDE YOUR RESEARCH

- Is it a single REIT (like British Land) or a REIT ETF (like IUKP, IWDP)?
- What sectors does it hold? Warehouses, offices, flats, data centres, hospitals?
- Where in the world are the properties? UK only, global, or emerging markets?
- What is the current dividend yield, and how often does it pay?

REMEMBER

Both tasks belong in the WhatsApp community.

Sharing what you find helps the whole cohort learn.
