Pension Calculator (MSE)	Estimate retirement income. Eye-opening for planning.

Suggested Learning Plan

Don't try to consume everything at once! Here's a sustainable approach:

Weekly: Listen to 1-2 podcast episodes during commute/exercise

Monthly: Read 1 book chapter or watch 2-3 YouTube videos

Quarterly: Check in with online communities, read Monevator's latest

Yearly: Re-read your favourite investing book with fresh eyes

Remember:

The goal isn't to become a financial expert - it's to know enough to make confident decisions and avoid costly mistakes. You've already learned the fundamentals in The Money Method. These resources are for deepening your knowledge over time, not cramming. Investing is a marathon, not a sprint.

Enjoy the journey!
